

Product: Decca BridgeMaster E Series Radars

Subject: New ITU regulations regarding 10kW Magnetrons

IMPORTANT ADVICE

10 KW magnetrons type 910/3015 (MG5241) & 91005188(MSF1425B)

New ITU regulations come into effect on 1st January 2003.

No new BME radars can be installed from this date using either of the above magnetrons.

A new magnetron type 91003582-1 (MG5473) will be used in all BME 10KW equipments.

For spares use we will supply part number **T91003582-1**. The list price for this device will be £292.38

Although older equipments are not affected by the new regulations we will only supply magnetron T91003582-1 for spares use.

You should therefore plan to exhaust your stocks of 910/3015 & T910/3015 by December 2002.

We will not accept any more orders for T910/3015-4 for spares use.
